Block Assembly

Center Block - The center block is created by making 4 ea 3 1/2" unfinished half-square triangles. Using the 4" squares, right sides together, (B & C and B & A), draw a line corner to corner and sew 1/4" (scant) on each side on the drawn line. Cut on the drawn line and square to 3 1/2" unfinished. Sew blocks together to create center block - 6 1/2" unfinished.

Border - The borders are created with 2 1/2" unfinished squares and 2 1/2" unfinished half-square triangles. Use the 3" A & C squares to create the half square triangles in the same manner the center triangles were created. Attached the side borders first and then add the top and bottom.
